As of yesterday, there were only 4 applicants for the 9 open positions on the City of Palmer's boards and commissions. You have to live within the city limits for some, but not all (planning and zoning). We have openings for

Airport Advisory Commission (1)

Parks&Recs (2)

Planning & Zoning (2)

Sure would be nice to get some progressive voices on there, if anyone is interested.

Applications are due today. Please consider getting involved. There are so many people in this group I think would be great for this!

I applied last year, had a good shot at it but the Mayor has particular preferences for who gets on. I will try next year though! 😊

Lisa Albert-Konecky I tried for Parks and Rec years ago. She did not pick me. Then, she has the nerve to complain that we don't have experience to be on city council...Grrrr. But, with so many open positions and so few applicants she won't have a choice if you'd like to try again!

Julie Berberich I wonder if there isn't sufficient applicants to make a good selection someone on the council could not move to extend the appointment period for another month. Because of the pandemic and all. Seems like if we can change the rules for grocery chains and paper bags we should be able to do it for people to allow for a better government. I think if it were
