

Alaska Republican Party Districts 7 & 8
Senate District D

Jeanne Reveal, Chair D7
415 Birch Street
Kenai, Alaska 99611

Robert Wall, Chair D8
PO Box 761
Sterling, Alaska 99672

Senator Jesse Bjorkman
145 Main Street Loop #217
Kenai, Alaska 99611

Dear Senator Bjorkman,

As Alaska Republican Party House Districts 7 & 8's Chairs, we have received a combined formal complaint concerning your political actions, copies of which are attached. The Alaska Republican Party's rules outline procedures to follow in such a case in Article 7, Sections 1-4. We have verified that the six individuals who submitted the complaints are registered Republicans, residents of Districts 7 & 8 respectively. Following procedure, the charges were submitted to District 8 Committee on May 14, 2025, and were advanced with a unanimous vote. The charges were submitted to District 7's Committee at the May 22nd, 2025 gathering. A unanimous vote was recorded in favor of advancing the complaints.

Senator Bjorkman, due to your joining, thereby enabling the Senate Democrat-led majority Caucus, both District Committees of Senate District D have voted unanimously to censure you for failing to adhere to our written rules. Under ARP Rules (Article 7, section 1, item (e)), forming a majority caucus in which non-Republicans are at least 1/3 or more of the coalition violates ARP rules. Please review the attached documents for other recorded violations.

This letter will serve as the starting countdown of the minimum 15-day notice required by the Rules for you to meet with ARP District 7 and 8 committees and provide a defense, if you wish. We propose Thursday July 3, 2025 at 5pm at Paradiso's Restaurant in Kenai to meet and conduct the hearing. If this time is agreeable to you, please let us know. We will have Zoom available for your convenience and will send you a link if you prefer that.

Respectfully,

Robert Wall 6-16-25
Robert Wall, Chair
Republican District 8

Jeanne Reveal 6-16-25
Jeanne Reveal, Chair
Republican District 7

cc: ARP Chair, Carmela Warfield
